PLEASE NOTE

Filling in this form entitles you to train with the Dragons for a period of one month, during which time you will also be required to pay subs to help cover the cost of training sessions. After that month, if we're still right for you, then you will be able to request a full membership form, which will also entitle you to full voting rights at general meetings. If you do not fill in a full membership form, you will forfeit your right to attend training sessions, however you will still (unless you request otherwise) receive the weekly email.

The club will not be responsible for any injuries you sustain during training, matches or club events.
