

SPORTY. GAY. YOU CAN BE BOTH.

Sport Charter for LGBT equality in Wales

Our vision is to create a thriving LGBT sporting community within Wales, where LGBT individuals feel safe, welcome and free from discrimination.

We believe that everyone should be able to participate in and enjoy sport, whoever they are and whatever their background and as such we commit to:

Encouraging and supporting current and future generations of fans, officials, volunteers, staff and participants from all communities to join the sporting family by:

1. Promoting positive relations with our sporting community, breaking down barriers and encouraging cohesion with other sporting communities by championing LGBT issues within our own and other sports
2. Promoting positive relations with the LGBT community, breaking down barriers and encouraging cohesion within the LGBT community in Wales by championing the benefits of our own and other sports
3. Working on sexual orientation equality initiatives to raise awareness and increase understanding of LGBT issues in sport amongst fans, officials, volunteers, staff and participants
4. Encouraging and sharing good practice within our own sport, other sports, education and employment
5. Supporting the work of the LGBT Sport Network, whether as member or supporter, proactively contributing and feeding back on relevant policy, practice and initiatives relating to associated inclusion and diversity agendas in our own sport or sport as a whole

But most importantly:

We commit to taking a zero tolerance approach to homophobia and transphobia in our own sport and other sports, whether in the stands, on the field or amongst officials, staff and volunteers. The message is simple...

HOMOPHOBIA AND TRANSPHOBIA IN SPORT IS UNACCEPTABLE
